## Opis

The Knapstein MAIA-S floor lamp has a jointed arm that can be rotated and swivelled as required by means of two joints. The lamp head can be repeatedly realigned independently of the jointed arm by means of a swivel and tilt joint. With maximum alignment of the lamp arm and head, the lamp has a maximum projection of 67 cm. The MAIA-S can be dimmed via a rotary dimmer mounted on a rod next to the lamp rod. The floor lamp is available in matt brass and matt nickel finishes. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as a light source.
