

LDM

Santo Terra

Version

- aluminium
- brąz
- czarny
- biały

Technical details

Kraj produkcji	 Niemcy
producent	LDM
ochrona	IP20
zakres dostawy	LED
napięcie przydatność	230 - 240 Volt
tworzywo	aluminium, chrom
kąt nachylenia belki	124 stopni
ściemnianie	Czujnik ściemniacza głowica lampy na głowie
Moc w watach	14,5 W
LED	łącznie
Wskaźnik oddawania barw	>95
Strumień świetlny w lm	600
Temperatura barwowa w stopniach Kelvina	2.850 biała ciepła
świecznika Wymiary	25 cm
Głowica lampy Wymiary	długość 55 cm
wymiana żarówek:	u producenta / w fabryce
Dimensions	H 160 cm

Opis

The LDM Santo Terra is an adjustable floor lamp. Its lamp head has a length of 55 cm and can be swivelled by 180 degrees at the joint as well as rotated by 350 degrees. With a practical handle on the lamp head, the light can be directed exactly where it is needed. The lamp head is also individually height-adjustable along the lamp rod.

The Santo Terra is available in aluminum polished and powder-coated in bronze, white matt or black matt. The lamp head has the corresponding surface. The lamp rod is always supplied in polished chrome. The external spiral cable is a special design element that flexibly adapts to any desired height of the lamp head.

The Santo Terra by LDM is operated with an integrated LED that has a colour temperature of 2,850 Kelvin warm white. With a sensor dimmer on top of the lamp head, the floor lamp can be switched and dimmed without touching it. The lamp is switched on or off with a wiping hand movement over the sensor. To dim the light, the hand is held directly over the sensor for a longer period of time.
