Strumień świetlny w lm	950
Temperatura barwowa w stopniach Kelvina	2.700 extra biała ciepła
kolor szkła	przydymiony szary
Dimensions	H 49 cm Ø 32 cm

Opis

The Brokis Dome Nomad Small PC1265 has a rechargeable battery that allows it to be operated wirelessly. Its battery can be recharged via the USB cable supplied. Thanks to the IP44 protection rating, the lamp is protected against splashing water from all sides and against solid foreign bodies with a diameter of at least 1 mm.

This Dome Nomad Small comes with a smoke grey, hand-blown glass. The lamp base is available in the following colours: brass, copper, brushed stainless steel and matt black. The ring on top of the lamp always has the same colour as the lamp base. The lamp can be switched and dimmed via a touch dimmer on the base of the lamp.

Each lamp is shipped with a high-quality paper envelope containing the installation instructions, white cotton gloves to handle the lamp gently, a certificate of authenticity and the BROKIS Small Catalogue. After opening the box, you will find a QR code that will take you to a short video showing you how to safely unpack and commission your new lamp, as well as detailed information on how to properly clean BROKIS lamps.
