Drop Move Trio Surface-mounted

Oberfläche

- Matt aluminium
- polerowane aluminium
- czarny
- brąz
- biały

Dimmbarkeit

- DALI ściemniania
- ściemniająca kontrola faz przyciemniania
- z modułem Casambi

Technical details

Kraj produkcji	 Niemcy
producent	LDM
projektant	Jürgen Glauner
ochrona	IP20
zakres dostawy	LED
napięcie przydatność	230 - 240 Volt
tworzywo	aluminium
kolor przewodu	przezroczysty
długość kabla	50 - 200 cm
regulacja wysokości	z regulacją wysokości
LED	Łącznie
Wskaźnik oddawania barw	>95
Temperatura barwowa w stopniach Kelvina	Dim to warm
baldachim Wymiary	Długość 150 cm, szerokość 6,5 cm, wysokość 2,7 cm
Średnica klosza	7 cm
wysokość abażur	19 cm
wymiana żarówek:	u producenta / w fabryce
wydajność systemu	3 x 8,75 Watt
Całkowity strumień świetlny w lm	2.343

Opis

The LDM Drop Move Trio Surface-mounted is a pendant lamp with three height-adjustable lamps on a rectangular canopy. For each lamp, the cable length can be adjusted individually from 50 cm to 200 cm. The light is focused by frosted optical lenses and emitted homogeneously downwards. The lamps are positioned at a distance of 60 cm from each other. The canopy is 150 cm long and rectangular at the ends. It is always supplied in the same finish as the lamps. On request, the pendant lamp is also available with a rounded canopy and with special lengths for the cables.

The Drop Move Trio Surface-mounted is available in polished aluminum, matt aluminum, bronze, matt white and matt black. All elements of the lamp are always in the same finish as the lamp itself. On request, lamps are also available in all finishes above with a topping in polished aluminum, matt aluminum, bronze, matt white and matt black.

The Drop Move Trio Surface-mounted is offered in three versions: dimmable on site with a trailing edge phase dimmer, DALI dimmable or with an integrated Casambi module. The DALI version requires a 5-core mains cable. With a Casambi module, the lamp can be operated by smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching and dimming several suitable lamps separately in groups.

When dimming the triple pendant lamp, the light colour of the integrated LEDs changes to a warmer tone (from 3,000 Kelvin warm white to 1,800 Kelvin extra warm white) due to the used Dim-to-warm technology. A single, a double or a quadruple lamp (on request) and the Drop with a shortenable, height-determinable cable are also offered from the Drop series.
