

Knapstein

MEGGI

Oberfläche

- nikiel
- brąz

Technical details

Kraj produkcji	 Niemcy
producent	Knapstein
rok	2024
Głębokość w cm	7
Średnica w cm	30
tworzywo	Acryl, Metall
ściemnianie	kontrola gestow
Moc w watach	17 W
LED #	włącznie
Wskaźnik oddawania barw	>90
Strumień świetlny w lm	1904
Temperatura barwowa w stopniach Kelvina	2.200-3.500
ochrona	IP20
zakres dostawy	LED
napięcie przydatność	230 - 240 Volt
Dimensions	Ø 30 cm

Opis

The Knapstein MEGGI is equipped with a sensor dimmer that can be used to switch the lamp, dim it continuously and change the light colour. This sensor is located in the front part of the reflector. Simply swipe the sensor to switch the lamp on or off. The light colour of the lamp can be adjusted to a warmer tone (from a colour temperature of 3,500 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved using the memory function and automatically reset the next time the light is switched on. The tilt and turn joint on the reflector allows the light to be aligned and positioned as required. The Knapstein MEGGI emits indirect light, has a diameter of 30 cm and is 7 cm deep. The rotatable and tiltable reflector of this wall light has a diameter of 15 cm. The Knapstein MEGGI is available in several surfaces.
